

A massive number of people have shared their ire and angst over the baseless and malicious virulent allegations by Sarah Landry against His Divine Holiness Bhagavan Sri Nithyananda Paramashivam and His followers, monks, resident disciples, gurukul children and others. Luke Vieira after a traumatic series of experiences over the years has come out now in the open about the multiple crimes done against him by the criminal Sarah Landry - rape, child sexual abuse, pushing to suicide, criminal intimidation, physical abuse, and more, not once but multiple times, over multiple years.

To give a brief recapitulation of the poisonous false allegations against HDH Bhagavan Sri Nithyananda Paramashivam by the criminal implant Sarah Landry:

I. Sarah Landry - fanatic Christian implant and now proven criminal

Sarah Landry came pretending to be a follower of Nithyananda. In actuality, she was a fanatic Christian implant which was discovered recently through various websites and Internet.

The evidences of the same are in public websites of her, her organization 'One in God', Bishop Ralph Napierski, social media posts related to the same.

## Welcome to the side of Sarah that you have not seen

The following infographics, videos, links to videos, Facebook posts and screen shots listed below clearly goes to show that Sarah S Landry came into Nithyananda Sangha with an ulterior motive, nothing to do with learning about Vedic traditions and agamic teachings. There is sufficient direct & circumstantial evidence that she works and belongs to the CORPUS DEI a fringe extremist cult group that has nothing to do with Main stream Catholicism

A quick look at Sarah's time line with the sangha and Swamiji. The inconsistencies begin here:

**Sarah Landry's “9 years of devoted service” to Nithyananda**

- 2009 - She comes to India as a participant for the Inner Awakening program, after having a vision of Paramahansa Yogananda. Gets banned from the program for objectionable behaviour - shouting "I'm his Parvati and He is Sadasiva" and dashing towards Nithyananda Swami.
- 2010 - Starts making YouTube videos. Attracts the attention of Bishop Ralph Napierlski of the Christian Organization Opus Dei.
- 2012 - Banned from the Nithyananda Sangha for asking devotees to worship her as the Cosmic Mother and organizing Christian events in the Slovakian Sangha on behalf of Opus Dei, with the help of Bishop Ralph Napierlski and Jasmine Glow.
- 2015 - Claims Swamiji asked her to come back to Sangha and work for him. Becomes a trainee monk, but leaves after a few months.
- 2017 - Joins the organisation back and becomes the face of the organization on social media.
- 2018 - Leaves the organisation again in August 2018.

Banned twice, left twice and spent 3 years with Bishop Ralph Napierlski in Germany, leading the 'One In God' Movement of the Opus Dei Cult.

**9 - 2 - 2 - 3 = 2**

**She hardly spent 2 years in the Nithyananda Org  
And she says she spent 9 years of devoted service to Nithyananda!**

9 years or 2 years ?

**Sarah Landry claims she has been a devoted Hindu since the age of 13.**

**Her Cross necklace tells otherwise.  
So, is she a Kali-devotee or the mother of Christ Consciousness?**

This is the ploy and story that she used as cover to infiltrate.

The actual reason for all this? Sarah was lustng after power and money. Greed. She wanted to portray herself as next godhead for humanity. Bypassing even the Catholic Church and becoming the next incarnate. The below infopics are undeniable evidence.

**Every single day, at least once, stop. Breathe. Close your eyes, and be grateful for all the gifts you have been given.**

To those who've made the effort to cultivate their spiritual nature and who've learned to see past the physical reality that makes up our lives in the material world, it is clear that enlightenment and higher states of consciousness are part of our natural human birthright. The fact that so many of us typically remain in contemporary consciousness is a sign that we've somehow been led astray, or spiritually numbed down.

Enlightenment is a concept that is at once appealing to almost all people, while at the same time seemingly unattainable to most. This is because many draw on the idea that we can live a life of peace and universal love, finding happiness and joy in even the smallest of moments, as our natural state in life. Yet, as seekers, we so often look at enlightenment as an elusive prize that is rewarded to only the most dedicated and ascetic spiritual practitioners just beyond our reach. [READ MORE →](#)

This video covers all kinds of topics related to personal transformation and self expression, but also once and for all, my last response to all the abusive questions and comments antagonistically asking me if His Divine Holiness Paramahansa Sri Nithyananda Paramashivam had "misbehaved" with me or others, and if that's why I left His organization. I want it on record that I am still a part of the organization now, and have nothing to gain or lose by saying this. Swamiji is more than innocent of the accusations against Him. He is also beyond reproach and lives only to revive the ancient civilization of enlightenment. I didn't leave due to any fault of Swamiji; on the contrary, I stayed as long as I did because He gave me the most beautiful inner states, and fulfilled in me the experiences I asked Him for. Swamiji never once looked at me, touched me or spoke to me in any way that was inappropriate or unwelcome. I remain firm in the statements I made about Him from the very first bad press, and once again state the truth. The truth is, that He is not capable of rape, and anyone who tries to rape or pressure His female devotees or those who have been connected with Him by harassing us and spamming us with illicit comments about Him are only cursing themselves. My choice to leave India and resume my life in Canada is in no way proof or confirmation that

Westerners appropriate Indic ideas through a process which Rajiv Malhotra has called the U-Turn. In its basic form the U-Turn Theory states that

- 1) A member of the dominant Western culture first whole-heartedly learns the Indic tradition.
- 2) He or she, for a variety of reasons, then repackages it and projects the knowledge gained from India from within his/her own culture.
- 3) The next thing you know is that s/he claims these ideas were always an integral part of Western culture.
- 4) Then they start demonizing the source Indic traditions using a lot of pretexts, such as calling them "world negating" or accusing them of "human rights" abuses.

<https://deeshaa.org/2006/...16/rajiv-malhotras-u-turn-theory/>

As an example, Malhotra has examined on how Jung appropriated much from Indic thought – including key ideas of collective unconscious, archetypes, and synchronicity – but did the classical U-Turn from Indic thought. In all, Malhotra has done 50+ case studies of such U-Turns, and each has its own story as to why and how it was done.

U-Turns have played an important role in shaping Western ideas, literature and popular culture; yet they are typically ignored in discussions on the history of ideas. The U-Turn Theory also explains that many Indians internalize the Western adaptations of Indian culture and re-import them into India: For instance, Tantric healing is more fashionable as "energy healing" or as reiki; yoga's return to India's Westernized middle class owes a lot to the West's adoption of it; and Western research on cognitive science and neuroscience includes yogis who are mere "subjects."

Looks like we are in Phase 4 now with respect to this person known as Sarah Landry who has been working on imbibing Yoga and Feminine worship into Christianity. You can see the progression of her implant into Hinduism and the final result below. Classic.

I've kept these communications private because, in the past, whistleblowers against the organization were labeled "anti-Hindu elements" and were attacked by rallied disciples. Somehow, though, my... **U-turn theory**

According to Malhotra, the Western appropriation of Indic ideas and knowledge systems has a long history. According to Malhotra, in what he calls "the U-Turn Theory",<sup>[21]</sup> the appropriation occurs in several stages:<sup>[24][25]</sup>

1. In the first stage, a Westerner approaches an Indian guru or tradition with extreme deference, and acquires the knowledge as a sincere disciple.
2. Once the transfer of knowledge is complete, the former disciple, or/and his/her followers progressively erase all traces of the original source, repackage the ideas as their own thought, and may even proceed to denigrate the source tradition.
3. In the final stage, the ideas are exported back to India by the former disciple and/or his followers for consumption. Malhotra cites numerous examples to support this theory, dating from the erasure of Upanishadic and Vijnanavada Buddhist influences on Plotinus to the modern day reimportation of Christian yoga into India.

Another example is William James and his *The Varieties of Religious Experience* (1902), Aldous Huxley and his *The Perennial Philosophy* (1945), and the works of Ken Wilber, all of which he claims to have been influenced by Vivekananda.<sup>[26]</sup> Malhotra questions why his influence remains unacknowledged and uncredited in much Western thought.<sup>[26][note 4]</sup>

3. Evidence of Sarah being the leader of the One in God movement, with the title:  
Mother of Unity  
<https://oig-movement.weebly.com/>

**ONE IN GOD MOVEMENT** Sarah Landry

**Sarah Landry alias Ma Nithya Sudevi  
was the Leader of the One In God Movement**

Sarah Landry is spreading some false information and causing a lot of confusion and inflicting hate between Hindus and Christians.

To defend the friendship between Hindus and Christians I publish here this important information.

Bishop Ralph

**As the leader of Jesus Yoga I am promoting unity and peace between Hindus and Christians.**  
We have to understand that both are 2 parts of the same puzzle and bring different gifts from God with which we can enrich each other.  
We have to learn from each other and need to be open.

I came in contact with Sarah Landry through the internet in 2011 and we had very interesting conversations.

**In 2012 I was invited in the Center of Paramahansa Nithyananda in Slovakia**

to be part of some very special events to promote unity.

The event was organised by Ma Nithya Vibhooti who later received another name.  
She was the Mahant / Leader of the Paramahansa Nithyananda Organisation in Slovakia.

**Sarah Landry was the leader of this event** and gave over 4 days a seminar, speeches, initiations and darshans .....  
I spoke about unity, Christ consciousness and Jesus Yoga .....

Ma Nithya Vibhooti translated everything into the slovakian language.

Events in the Nithyananda Center in Poprad / Slovakia 2012

Sarah Landry decided to build up her organisation and decided to do that from Germany.

**Sarah came with me to Berlin Germany.**

**I provided everything for her for almost 3 years!**

Free room to live,

Free food,

Free internet,

Free electricity, free health and bodycare products .....

I am not rich but I gave everything I had .....

Even cooking and doing the laundry was taken care of.

Everything was provided to her for free,  
that she could build up the One In God Organisation.

The events in the Slovakian Sangha have been very successful for her so Sarah gave live seminars for them over the internet where she promoted unity between christianity and hinduism.  
She did that sitting in Berlin in the appartment I provided for her.

**And after some month there has been a second event week in the Nithyananda Center in Slovakia.**

While everything was taken care of and provided to Sarah Landry in Berlin Germany, we created a lot of content especially for her youtube channel.

Sarah Landry gave teachings about the rosary and traditional Christian meditation.

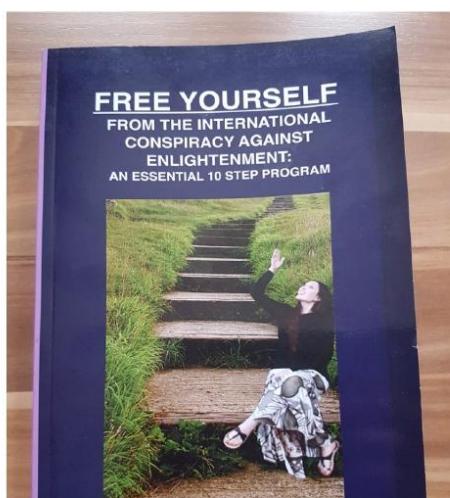

She started a Facebook group to collect all her One In God followers. All followers had to practice Transcendental Christian Meditation.

Sarah presented herself as a divine leader and expected total obedience to her from all followers and to strengthen her position she started the One In God Order for those who have been ready to go deeper.

Here is the document for application: >>> [PDF](#) <<<

Event in London

While staying in her homebase in Berlin where everything was provided to her, she wrote and published all her books.

For example the FREE YOURSELF book.

On page 360 is written:

**One In God:** Sudevi's spiritual organization that seeks to break down the barriers between various faiths and sects in order to lead humanity to God in Unity.

On page 357 is written:

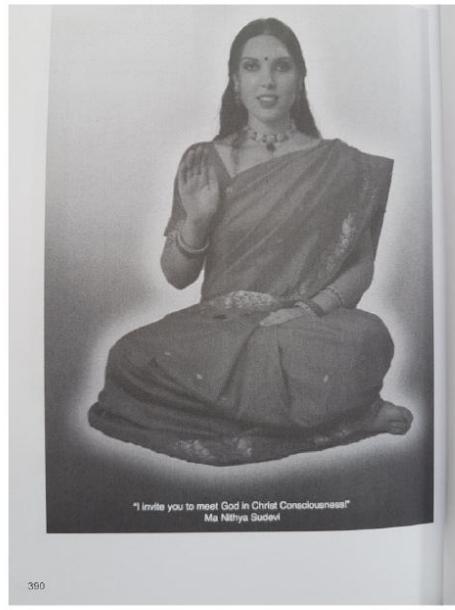

**Mother of Unity:** The title Sudevi is given within the One In God Order, as well as her personal website.

Sarah Landry always said she was sent from God as the Mother of Unity to unite Christianity and Hinduism.

And to lead mankind into Christ Consciousness.

Book page 390:

390

Teaching about saints from her book page 372:

**Saint:** One whose life is lived for the sole purpose of finding God, serving God, and living God. Saints appear in all faith systems and world cultures, and sometimes express powers thought of as 'miraculous,' such as, the power to heal the sick, exorcise the possessed, manifest foods and drink, inspire belief in the skeptics, etc. In Roman Catholicism, a process of discernment called 'canonization' must be followed through before someone can be called a Saint officially, but in many places, even Catholic people who have not been "proven" saintly through posthumous miracles and the Pope's decree, have yet been venerated and called 'Holy.'

**Saint Francis of Assisi:** Founder of the Franciscan order of Catholic monks, Saint Francis is a great enlightened Christian, and also my own chosen patron saint whose name I received along with my sacramental confirmation at age 12. A book about his life and miracles, called *The Little Flowers of Saint Francis*, is one of the books I hold as dearest to my heart.

**Saint Ignatius of Loyola:** Born wealthy just as was Saint Francis of Assisi, Ignatius of Loyola also took to spiritual renunciation, and spent many years wandering before he settled to found the Jesuit order. His book *"A Pilgrim's Journey: the Autobiography of Saint Ignatius"* is full of powerful testimony as to the care God takes to keep safe those who seek divine love.

Here Sarah Landry is writing about me in her book  
(first page 103 then page 356):

Memes can be used as weapons against individuals. For example, Bishop Ralph of the One In God Order was scandalized by the media when international press ran a false story accusing him of wrongfully entering the conclave of cardinals in Vatican. His story was so prevalent in the world that it became a meme; it was even spoofed in a famous cartoon that depicted a group of Catholic cardinals with a member of the Cardinal sports team, captioned, "I think there's an impostor among us." A powerful enlightened avatar in India has had His name abused by the media so much that the misled masses there have bought up the meme "sex swami" to refer to Him.

Sarah Landry made a lot of promises and announcements.  
Elaborated a 6 month plan.

103

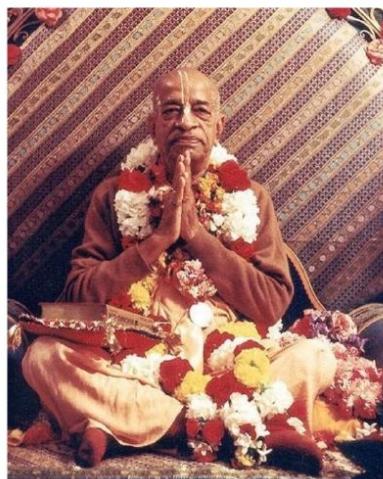

And then after almost 3 years she just left.  
 Secretly.... with lies, hiding.....  
 No word of explanation.  
 After everybody gave everything to her and provided all she did need for almost 3 years... she just left.

She blocked us on all her social media and started to spread lies like she never was involved with One In God and that she never promoted unity between hinduism and christianity.  
 She deleted many homepages, posts and maybe 40 Youtube videos where she promoted One In God and unity.

And then she started to preach hate against christians.  
 And now she is attacking hindus too.

With her lies Sarah Landry is damaging the relations between christians and hindus and is causing hate!

But we can not allow this lies and hate to control us.  
 We have to overcome all division and find into Unity.  
 JESUS YOGA stands for this unity.

"If one loves Krishna, he must love Lord Jesus also. And if one perfectly loves Jesus he must love Krishna too. If he says, "Why shall I love Krishna? I shall love Jesus," then he has no knowledge. And if one says, "Why shall I love Jesus? I shall love Krishna", then he has no knowledge either. If one understands Krishna, then he will understand Jesus. If one understands Jesus, you'll understand Krishna too."

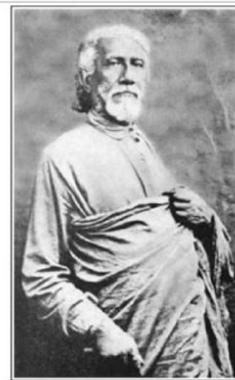

"Actually, it doesn't matter – Krishna or Christ – the name is the same. The main point is to follow the injunctions of the Vedic scriptures that recommend chanting the name of God in this age."

"I think the Christian priests should cooperate with the Krsna consciousness movement. They should chant the name Christ or Christos."

Here is the official position of the Catholic Church:  
(Document Nostra Aetate)

"Religions, however, that are bound up with an advanced culture have struggled to answer the same questions by means of more refined concepts and a more developed language. Thus in Hinduism, men contemplate the divine mystery and express it through an inexhaustible abundance of myths and through searching philosophical inquiry. They seek freedom from the anguish of our human condition either through ascetical practices or profound meditation or a flight to God with love and trust.....

The Catholic Church rejects nothing that is true and holy in these religions. She regards with sincere reverence those ways of conduct and of life, those precepts and teachings.....

**The Church, therefore, exhorts her sons, that through dialogue and collaboration with the followers of other religions,** carried out with prudence and love and in witness to the Christian faith and life, they recognize, preserve and promote the good things, spiritual and moral, as well as the socio-cultural values found among these men."

**"There is one GOD.  
So there should be one religion followed by everyone and that should be the religion of love and kindness, then there would be no war, no hatred, there would be no need of outside temples because our heart will be our temples."**

4. The declaration that followers of One in God movement are made to sign demands respect and loyalty towards the Leader of the movement, Ma Nithya Sudevi (Sarah)

## HOW TO JOIN ONE IN GOD

Version 1.0

### ONE IN GOD MOVEMENT, OIGM

One In God Mission is a worldwide movement dedicated to spreading the teachings, techniques, and gifts of Christ Consciousness. It is an open mission, free for all mankind. Whoever wants to join us may join at any time, with no obligation, no cost, and no commitment necessary. To join the mission, simply come as you are, watch the videos, read the books, and try the powerful and blessed techniques. By following this mission, you raise yourself, and, as a result, everyone else around you, into the higher state to which God is calling you.

### ONE IN GOD ORDER, OIGO

The backbone of the One In God Mission is the One In God Order, OIGO. While the movement is free to join with no obligation, those who feel the higher calling to become a part of the order, meaning, official contributors to our work, must offer a heartfelt commitment before God, pledging service and loyalty to this great work. It is the members of the order who build up the movement; they are like branches of spiritual tree that feeds the sweet heavenly fruits to starving humanity.

While members of the movement raise themselves and others, members of the Order become leaders, and beacons of light in the worldly darkness.

**If you hear the inner calling to become a blessing for mankind, and to dedicate your life to the Divine Plan, then truly, God is calling you to join the Order.**

The first step is to be very clear in your understanding of the One In God mission and vision. Please read, very carefully, the brochure written by Bishop Ralph, under the guidance of Ma Sudevi, "Christ Consciousness: The Way To Become One In God." This brochure contains within it the essence of the mission.

Once you have read and understood this, and you are sure that it resonates as Truth within your heart, please read this pledge, silently, to yourself. While reading it to yourself, take your time, internalize what you are reading, and understand that by reading it silently, you are not making a commitment, you are simply discerning whether or not to make the commitment. Once you have read and understood, if you wish to truly dedicate your life to our great work, you may sincerely read these lines out loud, and sign the form at the bottom, submitting a scanned copy to our headquarters. By so doing, you will become a novice, a new initiate, into One In God Order. **From there, the leadership through the lineage of Sudevi as Divine Director, and Bishop Ralph, the head of our priesthood, will guide you in your sacred work.**

## **DECLARATION AND PROMISE**

By reading aloud the following statements, and then signing my name below, I declare and promise before God:

I have read the brochure "Christ Consciousness: The Way to Become One In God" and I choose to join this mission.

I understand that in the illusion of the world there are many teachers, systems and faiths established, all claiming to be the "way" to divinity. However, through my own free will, I commit to follow the Way to God as outlined by One In God mission, and through the practice of Jesus Yoga.

This will lead me to eternal life, self realization, Christ Consciousness, and Unity with God.

I will practice Transcendental Christian Meditation, TCM, for 30 minutes or more everyday.

I will follow the 12 steps outlined in the above mentioned brochure, and inspire others to do the same.

I commit to making my own spiritual growth my top priority, and through the fulfillment I experience within my own self, I will share and inspire others to grow, also.

I accept my calling to offer the spiritual fruits and presents of Christ Consciousness to all humanity.

I understand that a main part of my spiritual growth is directly connected to my awakened compassion for all, and that the highest expression of Love is Compassion. I understand that humanity starves more for God's Compassion, and for spiritual maturity, than anything else, and as someone who commits to realizing Salvation, I commit also to sharing the glory of what I find with others.

I hereby declare that all the work I do for this mission will be done with an understanding that it is as a gift of the mission to me, and will be used as a technique with which to realize Christ Consciousness.

All the time, money and resources I choose to invest into One In God, for the distribution of literature, instruction of others, and building of infrastructure, will be done as "seva," sacred service. Whatever I give, I give for the greater good of All, without expectation of power, prestige, or accumulation of worldly riches. All the seeds that I plant will be double seeds, planted not only in the world, but also within my own consciousness.\* (See explanation on the page following.)

I understand all this now, and will continue to grow into a deeper understanding and love as I practice what I declare.

I happily offer myself, along with my talents and skills, resources and special abilities, to God, from Whom all of my talents, skills, resources and abilities come. I understand that by giving myself to God, I lose nothing, but rather, gain Godliness, because all things are transient and fleeting but the Love of the Almighty which is Eternal.

I will make it to a habit to speak openly about the mission, and will try my best to share the steps and practices with at least three people every day.

I will be creative and find ways to spread the brochure and invite people into the movement with joy.

I will study and share with others the **two books** that provide a basic knowledge to achieve Christ Consciousness:

- 1) Christ Consciousness
  - 2) The Way To God

I will connect with other members of the organization, offer my support to them, because I understand that by supporting each other we all grow together.

I will meditate as often as possible in the presence of a cross relic once I have obtained a cross relic for myself, and I will share it's holy energy by inviting others to meditate with me, giving all who desire it the chance to hold the holy object, pray with it, and receive it's blessings.

I will support the Unity Under the Cross project, as explained in the **brochure** of the same name, "**Unity Under the True Cross.**"

I hereby pledge myself as a novitiate member of ONE IN GOD ORDER!

(Personal Statement, in the lines provided above, let us know a little bit about you. This can include the story of your connection to One In God, your goals in the movement, and the services you wish to offer, as well as any questions or comments you have for us while we review your declaration.)

Please include your address, contact information and a picture of yourself.

Once you have signed and submitted the form found on page 2 of this document, your application will be processed. Your approval will be pending, and we may choose to follow-up with an online interview. Once approved, you will receive a certificate welcoming you to the order, signed by a One In God official, and stamped with Bishop Ralph's insignia. The moment you receive this form, you have become a novitiate member of OIGO!

**Novitiates will become full-fledged members of the Order once they have reached level 7 of our 12 levels to Unity.** For each novitiate, the entry into full membership of the order will be unique. Some may be ready for this next step very early into the practice, and others may choose to take more time. This will be assessed by the leadership of the order. Should you feel called to take the further vows of full entry into the Brotherhood and Sisterhood, do let us know, and we may begin the interview process.

**When you are called into initiation as a Brother or Sister of the order, you will take the following pledges:**

(Pledge for females:) I will now be called: Sister (Your legal name) of the One In God Order, which can be written as Sr. (Your Legal Name) of OIGO on all One In God related documents, for our events, and credited in our literature.

(Pledge for males:) I will now be called: Brother (Your legal name) of the One In God order, which can be written as Br. (Your legal name) of OIGO on all ONE In God related documents, for our events, and credited in our literature.

Upon entering level 7, I will commit to attend Mass at least once per week.

I will become a group leader, inviting others in my community to join me in this great mission.

I will become a Jesus Yoga Teacher.

I am open to receiving an office or position in the One In God organization. (In other words, a titled job description, like 'Executive Designer,' 'Editor,' 'CEO,' etc. All such positions will be reserved for Brothers and Sisters of the Order.)

I will always respect the hierarchy of the order, under the primacy of Ma Nithya Sudevi, and the priesthood of Bishop Ralph Napierski. I will always respect the leadership and guidance of the rulers and priesthood, knowing with full trust that their decisions are made directly under God's Guidance, and for the sake of my highest good. Once I become a leader, I will respect those who enter the organization beneath me, and will guide them with love, compassion, and a commitment to their highest good.

I will always be loyal to the One In God Order, as well as to the Leader of the Order, Ma Nithya Sudevi, and the Bishop of the Order, Bishop Ralph Napierski, as well as to their successors, local representatives, and initiates.

I hereby dedicate my life, my efforts, and my full loyalty to the achievement of Eternal Life, Christ Consciousness and Unity with God.

I offer myself in full surrender to God.  
I AM a full member of One In God!

Amen! Tathastu! Let it be so!

**\*Explanation of the phrase, "All the seeds that I plant will be double seeds, planted not only in the world, but also within my own consciousness."**

Some people may fall into the ego trap of thinking that their work, efforts and gifts are solely benefitting others outside of them, but in the One In God mission, we know that all the good we do for others is also good God is doing for us.

Ma Nithya Sudevi understands that whenever she gives a discourse, publishes a book, or shares her art, she is not doing this merely as a generous bequeathing to humanity, but rather, that by giving these things, God is giving to her the power through which to do them.

Sr. Dunja of OIGO knows that by sharing her Jesus Yoga video on YouTube, she is receiving added grace to continue her practice, and that by sharing her cartoons as a part of Sudevi's upcoming book, "Free Yourself," she is being doubly blessed by the opportunity to contribute.

Bishop Ralph knows that when he gives the sacraments of the church, and shares the relics of the cross and other gifts he has been given, this is not 'his gift to humanity,' but God's gift to him, and through him, to humanity.

Everything we earn in One In God- financially, spiritually, with regard to wisdom and to higher awakened energy, and more- is given immediately and freely to everyone, everywhere. The money we earn is invested back into our infrastructure, and into the materials we distribute. Therefore, when we give all of what we have, we don't think, "I am giving this," but, "I have been blessed with this so that it can be given."

"It is in giving that we receive," is a famous line spoken by St. Francis of Assisi in his holy prayer, and this understanding applies especially in a spiritual order like this one.

How might this apply to you, as a novice?

For example, you may buy a book, print out a brochure or burn a video to DVD to give as a free gift to somebody whom you wish to introduce to the One In God Mission. This is what we mean when we say, "Plant a seed." The literature or video is the seed, and the act of giving it to someone is the planting. To plant such a seed, you invest your time, work and money. If you see it selfishly and through the ego, you may be tempted to think, "I have given this, I have done this," and you will be wondering and calculating how you might later be reciprocated. However, if you do it through Love, you will know that it is a double seed: the gifting of your time, work and money to elevate another has also planted itself as a seed within you, elevating you to a higher state of Divine Love and Christ Consciousness.

This seed, though it may seem something humble, like a print-out of a brochure, can grow in the person with whom it has been shared, and can be the very invitation to Unity with God that begins the upward spiral of this person's newfound spiritual life!

**By doing good work, with Love and surrender to God, you continuously water your own inner seed, and make the space within to grow your Spirit.**

So all the work you do for the order, be it hosting a group event, preparing a literature and other distributable materials, spreading brochures and relics, editing print, designing

graphics, and so on, is not just a mundane volunteer service you do 'for free,' it is an essential spiritual practice which benefits you as much as it benefits the world.

The more love you share, the more love you will have to share. This is the key to inner alchemy: give, share, love, inspire, radiate, and become fulfilled with an unlimited inner supply of gifts, love and inspiration!

When you don't expect others to be grateful to you; when you don't expect your investments to 'pay off,' when you do everything you do and give everything you give with an inner gratitude to God for allowing you to do it and to give it, you realize Christ Consciousness.

Finally, by doing so, you will reach a state where-in your love for God, and the love from God which you receive, become One; there will no longer be a sense of 'doing,' or 'giving'; this is when the true universal flow of God Consciousness, and Christ Consciousness, becomes You.

The following prayer, written by a true enlightened master of the Catholic faith, Saint Francis, will help you to remember the sacredness of this goal. We recommend that you read it, and repeat it, especially in times of doubt and questioning:

**Lord, make me an instrument of your peace.  
Where there is hatred, let me sow love;  
where there is injury,pardon;  
where there is doubt, faith;  
where there is despair, hope;  
where there is darkness, light;  
and where there is sadness, joy.**

**O Divine Master, grant that I may not so much seek  
to be consoled as to console;  
to be understood as to understand;  
to be loved as to love.  
For it is in giving that we receive;  
it is in pardoning that we are pardoned;  
and it is in dying that we are born to eternal life. Amen**

## F\*\*K NO, I Am Not A Christian Implant

Important statements to be noted from the video:

*"Now the relics of the True Cross, like the one you can see here are already available and waiting to shower God's blessings on Humanity."*

***“As a baby, of course, I was baptized into the Catholic church, and I was brought up in a fairly devoted Catholic Family. When I was about five years old, my grandfather invited me to choose one special gift out of a drawer that he kept. As soon as I looked in and I saw something that caught my eye and it was a very simple strand of blue plastic rosary beads. And as soon as I saw that I knew this is the only thing that I want.”***

*"As it stands. Now, we have Catholics and Protestants of all denominations basically fighting against each other theologically about who truly knows what Jesus wanted for his church, which followers are right, which followers are wrong, which organizations to be trusted which organization shouldn't. what all of this creates is a disorder and disharmony within the The hearts of the people for whom Jesus gave his life. First we need to become a part of that Unity a part of the Divinity that is inviting us to partake."*

### III. Sarah Landry did identity theft of HDH social media profiles

Sarah Landry came as a participant in some meditation and yoga programs and was volunteering to spread the teachings of Swami Nithyananda and Hinduism in various social media as well as teaching the social media techniques to others.

She volunteered in the social media team and was 1 of the people who had access to the official Facebook, Twitter, etc social media pages of Swami Nithyananda.

Below is the elaborate proof of the same where 2 of the various admins of the social media pages are chatting regarding what they will be posting, replying to comments etc on behalf of Swami Nithyananda, including when Sarah Landry was in Canada.

This is following my previous post about criminal cult leader Sarah and how she abused her position of power as part of the social media management team - (link below) - and how she is continuing to abuse (illegally) by seizing control of one of our official accounts and posting abusive content acting to be an official representative. As part of the social media management team, Sarah had full access to Swamiji's official account and was free to do as she pleased by sending messages, replying to comments, etc. After looking at her devious attempts at faking messenger chats, I am alarmed and left to wonder.. God knows what crimes she may have committed in the past when she had free access to Swamiji's account.

In this post I am attaching my private chat's with Sarah starting from 2017. I couldn't be bothered to stoop down to Sarah's levels and her pathetic faked messenger screenshots. Don't expect from me a lackadaisical attempt at a video claiming the authenticity of these chats. It is evident to people who know how she writes and how I write messages - that these are authentic. She is also free to respond in the comments and dispute these messages.

Image 1: shows that Sarah had access to all our official social media - including Youtube - even when she was not on campus and in CANADA!

Image 2: Her getting access to the official twitter account and discussing about roles and answering to private chats and comments from swamiji's official accounts.

All the people out there who might be falling for criminal cult leader Sarah's

lies, BE WARNED. Demons appear very sweet and will talk to you in a very convincing way. They know just the right things to say to destroy your connection with Mahadeva. They will play with your fears and insecurities and will destroy YEARS of hard work and spiritual practice and Vitarka with Guru.

But in the end - thankfully, Asuras never triumph and Mahadeva remains untouched, unblemished, unclutched! We just need to decide which side we will fall on.

Nithyanandam ma

Is there any mechanism of uploading videos to YouTube while you're in Canada?

Is there a way to upload from here?

Nithyanandam! What do you mean?

To the official channel?

Or to Nithyananda Sangha channel?

had access to official youtube channel even while in Canada

My idea for the official channel is that the file can be sent to me using We Transfer, then I can upload it to Swamiji's official channel from here.

For the Sangha channel, I think many people have the password

Yes official channel

Umm the file size is about 8gb

... ↗ 😊

It'll take a long while to send you, then for you to download, then upload to YouTube Again

Ma Jnanatma wants to urgently upload the LSP session

How much time do you think it'll take you?

I don't know how long it will take me; I will start downloading it as soon as the file is transferred, then upload it as soon as I've done that

#dirtylaundry !!! How she hacked it? - ( just pulled out the proof from my old conversations.)

I have been in the personal social media team of HDH for quite sometime now. Our team is comprised of people with various language backgrounds and we handle Swamiji's personal inbox messages along with other social media handles of Swamiji. We used to take all the prayer requests to Swamiji and respond to all their messages.

#dirtyLaundry who was then in the disguise of a brahmacharini, used to handle Swamiji's main account and the main english page. We used to get a few messages from devotees telling they got blocked from Swamiji's account and #DirtyLaundry used to pretend that it was by mistake. It was during this time that she cunningly used to message all the nonsense to herself and fake a conversation. Her conversations were completely deleted to leave no trace of this treacherous plot that she was executing. The garb of a brahmacharini that she covered her cunning self with, hid away all these traits.

I searched the conversations we had with her and pulled out this conversation where she updates about a request from a devotee in Swamiji's inbox.

She used to head the entire Social media team and cunningly kept us in the dark about these betrayal activities that she was actively working on. She used this time to send various messages to her ID from Swamiji's ID and started faking conversations. The change of emoji etc was done by her through his account and deleted the whole conversation, so when we actually open the conversation, it will just look like a normal chat with no msgs.

Sarah admitting that she sent private messages from Nithyananda Swami's account

#### IV. Sarah Landry's Self-contradictions

The fact that her allegations are false is proven by her many posts **clearly stating that she was never abused sexually or otherwise by Swami Nithyananda or anyone related to the ashram.** This is seen in her elaborate Facebook posts and Youtube videos and video recordings even after she left the aadheenam till Feb 2019.

Attached are proofs of the same.

1. Facebook Live video on 8 August 2018-

<https://www.facebook.com/ma.nithya.sudevi/videos/10155365585305764/>

*"How am I certain that Nithyananda Sanga is a culture not a cult, first and foremost, the Nithyananda Sangha is not an aberration from the traditions revealed in the Vedas, the Agamas and the Upanishads, which are the ancient source books for sanatana Dharma."*

*"Swamiji practices what is called enlightened ethics. And he explained this to us: an enlightened being, an Avatar, a Guru lives with a complete cosmic consciousness and despite knowing what's the best for people, what would be the ideal lifestyle, no Guru, no enlightened master has the right to force their ideology on anyone else."*

## 2. Facebook Live video on 9 August 2018-

<https://www.facebook.com/ma.nithya.sudevi/videos/10155367802775764/> (at 11m27s)

Important statements to be noted from the video:

*"Guru Vaak is the Awakening of our Intelligent discernment. That discernment, that ability to contemplate, that ability to do research, that ability to do really experimental research into what we're doing is something that sets Swamiji apart in the world today. He's the only religious leader I have ever encountered who tells us that every single cognition He holds, every liberating cognition, such as the realization that He is in perfect Oneness with Mahasadashiva, the cognition that He is here to revive Sanatana Hindu Dharma, the cognition that the vegetarian lifestyle is the ultimate and He's going to make the world understand this."*

*"Every empowering, liberating cognition He has, He's here to awaken in us. He's not telling us hey, I have the liberating cognition so listen to me. He says he has realized the liberating cognition and it's here for us to realize as well. A cult leader will say he is the only one who has powers. Someone who's reviving a culture will say these powers are the birthright to all who choose to align to Sanatana Hindu Dharma. These powers are yours also. Swamiji himself has told us that all the Shaktis, all the sacred Powers, described in the Agamas and in the Vedas are available to everyone. It's just a matter of the choice, the strategy by which we can awaken these Powers, which includes initiation from someone who's already expressing, the passing of that flame from one lamp to the next is the first step."*

*"The vegetarian lifestyle, the Yoga, the Puja, the Revival of Sanskrit Mantra which even NASA has agreed is the only language system on the planet for communicating exceptionally complex ideologies, when all of this starts getting revived once again, what we're seeing is The Reawakening or the Revival of the world's greatest living spiritual tradition. It's definitely not a cult. It is the ultimate culture."*

*"I really invite you if you've had any questions about His Divine Holiness, don't go looking in the media for your answers. Of course, you're welcome to do your research, see what the media has to say, but don't leave your research lopsided. A lot of people will say cult leaders tell you ignore what everyone has to say. Swamiji always tells us listen, see what everyone is saying, but ultimately who is Correct is the one who has had an experience. If you ask any of the initiated*

*disciples in the Nithyananda Sangha, who have experienced the Shaktis, who have body scanned someone and seen what's going on in their physiology, who have done remote viewing and seen what's happening in another part of the world, who have materialized a sacred substance or teleported that from one hand to another, you'll hear some of the most exceptional personal experiences that can only be given through the full lifestyle, through the culture, through this divine liberating cognition. This kind of empowerment is not available just anywhere and we are extremely blessed to be alive at a time when Swamiji Himself is here bringing places like the Toronto Temple where I'm standing now -- I'm trying to give you darshan of all the deities in the background as I talk. We are alive in a time where this sacred tradition is being revived and I invite you to come and experience it for yourself. So leave me a message or a comment below if you're interested and I look forward to seeing you soon. Nithyanandam."*

This video covers all kinds of topics related to personal transformation and self expression, but also once and for all, my last response to all the abusive questions and comments antagonistically asking me if His Divine Holiness Paramahansa Sri Nithyananda Paramashivam had "misbehaved" with me or others, and if that's why I left His organization. I want it on record that I'm not in any way a part of His organization now, and have nothing to gain or lose by saying this: Swamiji is more than innocent of the accusations against Him. He is also beyond reproach and lives only to revive the ancient civilization of enlightenment. I didn't leave due to any fault of Swamiji; on the contrary, I stayed as long as I did because He gave me the most beautiful inner states, and fulfilled in me the experiences I asked Him for. Swamiji never once looked at me, touched me or spoke to me in any way that was inappropriate or unwelcome. I remain firm in the statements I made about Him from the very first bad press, and once again share my honest opinion and belief, that He is not capable of rape, and anyone who tries to bully or pressure His female devotees or those who have been connected with Him by harassing us and spamming us with illicit comments about Him are only cursing themselves. My choice to leave India and resume my life in Canada is in no way proof or confirmation that any foul play went on at Nithyananda Peetham. I did not leave because Swamiji did anything wrong, and I am not advising others to leave. I have deliberately left all of my videos about Swamiji, Inner Awakening and Sanyas public on YouTube because I know in my heart that these have not only played a positive role in my life and brought me to where I am now, (a good place,) but also, I know there are others out there seeking for exactly what Swamiji has to offer, and I don't want them to miss out on His blessings.

On a very personal note: one day early last spring, I woke up in the aadheenam feeling confined and like I wanted to live my life in a way that didn't involve being a public representative for the organization. As long as I was in kaavi and wearing Swamiji's mala, I felt like everything I said or did reflected on Him, and the lifestyle I was living involved aligning completely to the Hindu Monastic standards- staying only in temples, waking early and working long hours, etc. That was the life Swamiji gave me because that was the life I asked Him for! But I missed things like going for long walks on the beach, lingering over a morning coffee, painting abstract art for hours, etc. I felt conflicted about these desires because Swamiji teaches that these little pleasures are choices, not freedom, and that inner freedom is beyond everything- that working, working, working, was better than succumbing to our greed or laziness. I kept pushing down my desire to do things like those until one day I just felt bad and inauthentic. That very day, when I felt as if sanyas was restricting me, Swamiji Himself called me and told me that I was free to leave any time with His blessings, and that He didn't want me to feel trapped. He knew exactly what I was feeling without my ever telling Him.

How can anyone say He abuses people or that I ran away out of anger towards Him when He is so innately tuned in to the inner desires of the people in His mission that He knew the moment I wanted to leave, and instead of trying to force me to stay, He blessed me to go? I didn't want to share this little incident publicly because my intention is not to try to excuse myself or encourage others to drop out of that life, but now I feel it's an important point to share because nobody should think He, in any way, confines people. I pray that all the abuse against Swamiji comes to an end, and that all those who are in His Sangha enjoy the physical presence of the Avatar without being harassed by skeptics and abusive media.

Now I've said everything I could possibly have to say about this... now: Who wants to see videos with VEGAN recipes, daily meal guides, cruelty free make-up tutorials, jewelry making instructional, vlogs and more? If you do, keep following me! If not, no hard feelings- you're welcome to move on and let me do the same. ❤️

Important statements to be noted from the video:

**"A lot of people have asked did he(Swamiji) misbehave with me and that makes me think what kind of a little kid mentality do you have to have towards life if you use a word like misbehave and apply it towards an enlightened being.**

*I believe not even believe, I have experienced for myself 100% without question that Swamiji is definitely enlightened. Asking if he misbehaved with me, first of all that implies that he's some kind of a boss in the business world and I'm some kind of vulnerable little girl. There's no such thing as the me too movement when it comes to Swamiji's organization because he's not a boss he's an enlightened avatar, he's a guide, he's a spiritual figure, he definitely did not misbehave with me or with any woman and he's not capable of hurting anyone.*

*All he does as guru as an embodiment of pure consciousness is empower us with what we are seeking. The moment we want something he fulfills it he doesn't take anything back from us implying that he's used any of us in some negative way implies that he has physical needs of an ordinary human being and that he's preying on others to fulfill those needs that was not my experience.*

*And I can tell you the amount of years I spent from 2009 till now so ten years of being around him if he were the monster so many people are trying to imply that he is so many of the false media propaganda stories are claiming, if that was truly his character he would have definitely done something in those 10 years I would have either witnessed something with somebody else or it would have happened with me and then I would be saying something different or I wouldn't be continuously again and again and again of reassuring people that he behaved as perfectly as MahaSadasiva himself.*

*When I look back at the years and that the transformations one thing that I feel extremely grateful for in life is having good intuition about people. I may have gone into some things that others wouldn't have gone into I might have had some experiences others wouldn't have necessarily had but I feel every single one of those was positive and especially my time with Swamiji there's something so empowering about knowing we can reach higher spiritual states.*

*The breakthroughs I had in yoga in flexibility in strength and posture the breakthroughs that I had in my inner Space, the breakthroughs I had in knowing I can manifest creating the business I created on Etsy since coming back , things that I wouldn't have believed I could have done then I know I can do now because he has given me the experience that I am the creator of my life the creator of my reality and what I choose to experience I'll experience.*

*Anyone who questions Swamiji or who questions his organization or his programs what you need to understand is that if you don't like it if you don't want to go that's perfectly fine but when so many of us come forward, my mother included. who attended four programs, a lot of my good friends.*

*When so many of us come forward and say that this experience has benefited us why not just believe what we're saying at face value, we're not liars we have nothing to gain from it I'm no longer connected to that organization in any way whatsoever*

*I have nothing to lose, nothing to gain by saying this when I say he was good to me and I'm grateful for the time that I spent there."*

*"Of course I'll always stand up and defend Swamiji because he was a huge blessing in my life and always will be."*

Important statements to be noted from the video:

*"I might seem annoyed or upset sometimes when people question me by saying things like don't you know your Guru was a cheat, or why don't you come out and admit that you were abused. Deconstructing Sarah Landry's mysterious 'brainwashing' and U-Turn

Transcript of the video:

*"Hi Namaste. Thank you for tuning into this video.*

*So for those of you who don't know already, I have spent maybe the last 9 years of my life very passionately letting people know about the Hindu Guru his Divine Holiness Bhagawan Paramahansa Shri Nithyananda whom devotees called Swamiji.*

*Now to answer the question that is the title of this video. Obviously the answer is yes, of course, I'm still Hindu. Of course I still honor with deep gratitude Paramahansa Nithyananda.*

*Now people have left comments on my recent video saying things like all your gurus was hard work on you is gone to waste. You've come back to the West World, well you need to understand this that even before I told my Guru that I wanted to leave Sanyas and come back to the western world, he told me that he doesn't want me to feel trapped and he told me to go with his blessing. The guru will never tell a disciple to go if it's in that disciple's worst interest to go if that disciple is meant to live the Sanyas life. The guru will say stay here take it as tapas, take it as a self-discipline path and do it.*

*I still believe Paramahansa Nithyananda is a divine being. To me when I see his face when I see pictures of him online when I listened to his discourses, there is no difference between the expression he is bringing into the world and Maha Sadashiva Paramshiva the ultimate super consciousness. Don't think that I ran away from Sanyas. I took his blessing and came back.*

*Why? We'll find out. Obviously there's either one more lesson for me to learn in the world or there is something I meant to be bringing into the world or a combination of both. But ultimately life is about living our highest truth. Being integrated to ourselves. Not renouncing and giving up but fulfilling our desires in a way that doesn't cause harm to others in the way that blesses others and in a way that allows us to experience more and more and more of the greatness and glory of existence.*

*If you have any questions about any of this or the life I lived with Paramahansa Nithyananda while I was there in Nithyananda Peetham Bengaluru Aadheenam I'm ready to answer all of those. I might seem annoyed or upset sometimes when people question me by saying things like **don't you know your Guru was a cheat, or why don't you come out and admit that you were abused**. I get annoyed because he's not a cheat and I wasn't abused. I had a great experience when I felt it was time to move on, he blessed me to move on and now I'm having a continued great experience.*

*So like I said, thank you for joining me on this channel. So leave any questions or comments below and until next time I'll see you in the next video. Nithyanandam - which means may you experience Eternal bliss. Namaste. Thanks for tuning in."*

Transcript of the video:

**"Clip 1 (Nov 2019):**

Arnab Goswami: You're saying he sexually exploited you as well. Or he attempted. Just one Minute.

Sarah Landry: Yes, it started via facebook messenger messages in messages in my inbox and the way that he started grooming me for sexual exploitation

**Clip 2 (End 2017):**

*Now the irony here is that I have never once even been looked at by Swamiji in a way that makes me feel uncomfortable. Let alone spoken to, let alone touched. Swamiji has never looked at me, spoken to me, touched me, or in any other way made me feel like He is anything other than my Guru.*

**Clip 3 (3 Oct 2018):**

*So, everything I said about the lifestyle of sanyas, about being an initiated disciple of His Divine Holiness Paramahamsa Nithyananda, whom we call Swamiji, I really truly meant every single word of it.*

**Clip 1 (Nov 2019):**

*The damage done by a predatory leader who brainwashes them. There are still people siding for Nithyananda who are right now brainwashed individuals under the undue influence of this sinister cult leader.*

**Clip 2 (End 2017):**

*For that reason, I follow Paramahamsa Nithyananda. Not because somebody has convinced me to, not because someone told me to, not because I am being forced to, but because my own life experience is showing me the best of everything I have ever known is embodied in Paramahamsa Nithyananda.*

**Clip 4 (10 Oct 2018):**

*So it also makes me think of other layers of gratitude. What else is there to be grateful for, having a wonderful, beautiful family, having such tremendously life changing experiences in India. Getting to have personally met and interacted with and being blessed by Paramahamsa Nithyananda, the greatest Guru I can imagine.*

**Clip 1 (Nov 2019):**

*He claims he is above the law and He makes all of His people into media bullies, social media bullies, and criminals.*

**Clip 2 (End 2017):**

*Because the reason Nithyananda disciples get harassed, name called, badgered wherever we go. The reason we get attacked like this is because the media have published so many lies about Swamiji.*

**Clip 1 (Nov 2019):**

*Aarti Rao, everyone should know her name, she was His first public whistle blower and rape victim.*

**Clip 2 (End 2017):**

*To the fake rape victim, who claims she was raped at a time when she wasn't even in the country where she claims the rape took place.*

**Clip 1 (Nov 2019):**

*Who has pressed charges of rape back in 2010*

**Clip 2 (End 2017):**

*From the morphed video that was published by the now defunct SunTV back in 2010*

**Clip 5 (16 Sept 2019):**

*In the past when people have commented on my videos, back when I was still brainwashed by that cult.*

**Clip 1 (Nov 2019):**

*These people are committing criminal actions. They're putting false charges, false rape cases against people because Nithyananda tells them to and they believe in his impunity. He claims he is above the law and he makes all of his people turn into media bullies, social media bullies, and criminals.*

**Clip 2 (End 2017):**

*Now the irony here, I follow Paramahansa Nithyananda. Not because somebody has convinced me to, not because someone told me to, not because I am being forced to. The average general public who are not educated in discerning truth verses lies in the media, who don't have media literacy, they hear all of this and they assume that our Guru is something which he is not.*

**Clip 6 (1 Feb 2019):**

*If you have any questions about any of this or the life I lived with Paramahansa Nithyananda while I was there in Nithyananda Peetam, Bengaluru Aadheenam, I am ready to answer all of those. I might seem annoyed or upset when people question me by saying things like don't you know your Guru was a cheat, or why don't you come out and admit that you were abused. I am Stupid, Can I Change My Story? Please? Please?? 😂

Why is Nithyananda so into self glorification and self-aggrandizement? He did me a favor by posting the guilty details of the abuse he did to me. I'm not asking others to know. I have already done that in my videos about Swami, Inner Awakening and Sanjeev. I'm not asking others to know because I know in my heart that these have not only played a positive role in my life and brought me to where I am now, (a good place.) but also, I know there are others out there seeking for exactly what Swamiji has to offer, and I don't want them to miss out on His blessings.

As a result, I would wake up in the morning and wearing Swamiji's mala, I felt like everything I had heard reflected on Him, and the lifestyle I was living instead of aligning completely to the Hindu Monastic standards, staying only in temple, waking early and working in the kitchen. That was the life I was living at the time. As a result, I stayed as long as I did because He gave me the most beautiful inner states, and fulfilled in many ways. I asked Him if I could leave. Swamiji never once looked at me, took my hand or spoke to me in any way that was inappropriate or unwelcome. In fact, in the very bad press, anyone who again share my honest opinion and belief, that **He is not capable of rape**, and anyone who tries to bully or pressure His female devotees or those who have been connected with Him by harassing " and spamming them online is a complete idiot. I encourage everyone else who has witnessed or experienced his perversions, through inbox messages or physically, to come forward and help put an end to his deplorable behaviour.

OOPS! Did I Say That? SIX MONTHS After I Left?

This article asks the perfect questions to Cult Leader Sarah Landry !

1) If she left the Ashram because of "EXTREME CHILD ABUSE" (sic), why did she continue PROMOTING the Gurukul on her page for many months AFTER she left?

2) If she felt Nithyananda Sangha is a cult, why did she TAKE THE TROUBLE to make those videos AFTER she left explaining it is not a cult.

And from TORONTO that where clearly there is no one to physically force her. (Don't give me the brainwashed crap. You need to have a brain first to have it washed. And with that logic all criminals will be free because they will claim someone brainwashed them to do their crimes)

3) Why did she wait till the crimes against her were investigated before coming out with this "revelation" - after more than 1 YEAR?

4) How did she KNOW that the investigation was ABOUT HER even before the investigation authorities did ??? 😊😊😊

5) Why do so many Gurukul Parents support the Nithyananda Gurukul even NOW - after her so-called expose if there is even a SHRED of POSSIBILITY in her statements?

Will Parents EVER put their kids at risk? Is Sarah somehow more interested in the KIDS (whom she didn't care about for more than a year)??

6) Why do so many Sangha members share the abuse Sarah did against them during the various programs - all the abuses she alleges the organization did? There is enough evidence in terms of chat messages and so on to prove this. So don't give the crap that ALL these people are lying.

7) Why does she REFUSE to name the kids whom she alleges told her about the beatings in the Gurukul? The ONLY REASON is that any kid she names will flatly EXPOSE HER LIE and she is scared of it. It is easier for her to CLAIM SECRECY and maintain her LIE.

7 Simple Question that Expose the Cult Leader Sarah Landry

The Christian Cult Leader Sarah Landry claims in her post last week that she left the Nithyananda Ashram in JULY 2018 because she saw some abuse happening by Indian Teachers at the Nithyananda Gurukul.

And suddenly she decides to "reveal" them AFTERMORE THAN A YEAR "coincidentally" EXACTLY at the time when investigations are going on regarding abuses done by some westerners against some Gurukul Kids and a poisoning attempt on Swamiji's life last year in which the authorities have declared their list of "people of interest" and have started the investigation process in all seriousness.

My simple questions to the people who are stupid enough to listen to her are these:

- 1) If she left the Ashram because of "EXTREME CHILD ABUSE" (sic), why did she continue PROMOTING the Gurukul on her page for many months AFTER she left?
- 2) If she felt Nithyananda Sangha is a cult, why did she TAKE THE TROUBLE to make those videos AFTER she left explaining it is not a cult.

- 3) Why did she wait till the crimes against her were investigated before coming out with this "revelation" - after more than 1 YEAR?
- 4) How did she KNOW that the investigation was ABOUT HER even before the investigation authorities did if she was not guilty? 😊 😊
- 5) Why do so many Gurukul Parents support the Nithyananda Gurukul even NOW - after her so-called expose if there is even a SHRED of POSSIBILITY in her statements?

Will Parents EVER put their kids at risk? Is Sarah somehow more interested in the KIDS (whom she didn't care about for more than a year)??

**Sophia Shannon** What about Jordan or Dattananda Maharaj? And her friend who also left at the time Miriam, or something? And Dridi's wife also at the end of a recent video was speaking at the end she wanted to leave the organization and her husband but would probably come back.
